The Future Is In Our Hands

MAHARASHTRA DYSLEXIA ASSOCIATION

SLD

Policies & Practice

National Conclave 2017

26th-29th Oct.

THANK YOU FOR BEING THERE

Unique Ability Consulting and Maharashtra Dyslexia Association had joined hands again, but this time it was to bring people together on a platform to discuss topics like - The Challenges of Screening for Dyslexia, Challenges of Assessment, Best Practices in Intervention and Rights of Persons with Disabilities Act 2016.

We have had a great National Conclave during the month of October 2017. Participants have been excellent with their contributions and constructive dialogue on the various subjects that have been discussed over the few days. It was enlightening to see that so many people were so passionate for the subject that is so dear to our hearts, Special Learning Difficulties.

We would like to thank our sponsors and donors for making this event take place. Also people from St. Joseph's High School, Barretto Road, Wadala (West), Mumbai - 400 031, India for their Auditorium and their support.

Special thanks to Malcolm Litten and Arran Smith for coming from the UK to be with us on this journey.
