From The Desk of Mr. Kabir Bhogilal

It has been an amazing exhibition for us and we are so lucky to be supported by our partners and colleagues.

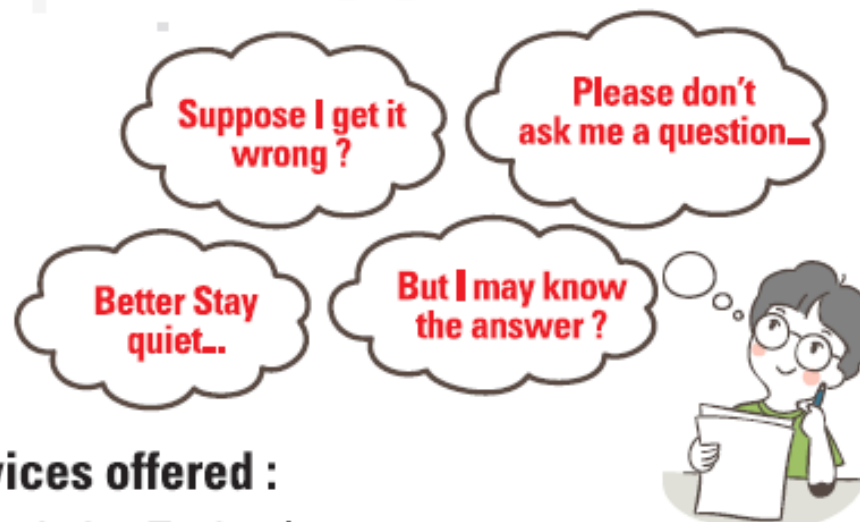

I grateful to my team, for putting in the hard work and hours to make the exhibition a success, with out them we would have been not sailing through so easily.

Our partners have been a pillar of strength to help UAC take forward the campaign of helping in the field of Learning Difficulties.

Every child has a unique ability and I have no doubt in my mind that we all stand strong together and collectively better peoples lives.

This exhibition has been about Opening New Horizons, I hope we have touch peoples lives with our stories and how technology used in the right way as an intervention can help them.
